

Lull Telehandler Part

Lull Telehandler Part - Lull telehandlers have been supplying precision load placement since 1959. Whether the task entails transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler would really help make the work go faster and easier. These units are complete with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The horizontal placement system by Lull is able to supply 80 inches of boom travel for precision placement functionality. There are even numerous optional Lull attachments for their telehandlers to be able to help finish whatever work.
